

Aboriginal Ancestry

January 2011

Dear Parent/Guardian of an Aboriginal Student

According to our school records, you have identified your son/daughter as having Aboriginal Ancestry. This identification provides an opportunity for your son/daughter to receive Aboriginal Education Department programs and or services. This letter is to confirm your consent to access these services.

We have included a program brochure in order to familiarize parents/guardians of the programs and services offered this year.

We would greatly appreciate you signing and returning the section below to your school. By signing, you are giving SD22 permission to provide Aboriginal Education programs and services to your son/daughter.

Respectfully,

Sandra Lynxleg
District Principal,
Aboriginal Education Department
