

Dear Al + Murray:

...to you!

Just a note to thank you for the heart + soul that you pour into our kids. We have seen that Global Ed causes students + teachers (+ to a lesser extent, parents) to grow + stretch + look inside themselves. This is never easy + seldom comfortable + yet it's what you choose to do to bring a sense of social responsibility to our community. Thank you for your selfless dedication to our kids.

Sincerely, Brent + Teresa
