Student School Supplies

Dear Parents / Guardians;

Alexis park students will again be purchasing school supplies from the school for the 2017/18 school year. This fee collected is to recover costs. No profit is made at the school, and the fee charged by Alexis Park School is in place to recover costs.

Paying the school supplies fee guarantees that your child will have the necessary tools and supplies, including art supplies, which will be needed throughout the year. It does not mean that your child will be purchased a finite number of supplies and that those supplies will be given to your child. Families that do not pay the fee may be asked to pay for supplies, such as those needed for art projects, as needed throughout the year. Schools do not receive funding to cover such costs.

We understand that purchasing supplies can be costly, and if families need support we encourage you to contact the school; we also ask that all families plan for this cost and pay it if possible.

School fees will be collected in September, as has been past practice.

If you choose not to purchase school supplies through the school, please see below for a guideline of supplies that are typically used throughout a school year when purchasing supplies for your child.

Thank you for your ongoing support.

Kind Regards,

M. Sutch
Principal

If you decide to purchase your own School Supplies here is a list that teachers have put together to help you with the basics of what they will need to start the year.
