

## ALTERNATE LEARNING PROGRAMS

Open Door Education Centre  
CrossRoads Learning Centre  
Six Mile Education Centre

Course offering for vLearn, Vernon Virtual Education and the Alternate Learning Programs located at Open Door Education Centre, CrossRoads Learning Centre and Six Mile Education Centre:

### **Literacy Foundations Math Level 5**

Literacy Foundations (LF) Math Level 5 is the fifth of seven levels of LF Math courses intended to take students from a beginning numeracy level up to the Grade 11 level. Prescribed Learning Outcomes are presented under four curriculum organizers: Number, Patterns and Relations, Shape and Space, and Statistics and Probability. The Prescribed Learning Outcomes address the skills needed at an increasingly complex numeracy level and include: expressing and interpreting probabilities as ratios, fractions, or percents; representing algebraic expressions and equations in words; and, using graphs and a table of values.
