

ALTERNATE LEARNING PROGRAMS

Open Door Education Centre
CrossRoads Learning Centre
Six Mile Education Centre

Course offering for vLearn, Vernon Virtual Education and the Alternate Learning Programs located at Open Door Education Centre, CrossRoads Learning Centre and Six Mile Education Centre:

ICT: Computer Information Systems 11

Computer Information Systems 11 offers a hands-on, career-oriented learning experience with an emphasis on practical activities to help students develop fundamental computer and career skills. ICTS 11 helps students prepare for entry-level ICT career opportunities and is aligned with the CompTIA A+ certification, which helps students to differentiate themselves in the marketplace. Among other ICT skills, upon completion students will be able to: - Perform step-by-step assembly of desktop computers - Install and navigate an operating system - Upgrade or replace desktop/laptop components based on customer needs - Configure and troubleshoot basic networks - Implement hardware and software security principles - Perform preventative maintenance and advanced troubleshooting - Assess customer needs, analyze possible configurations, and provide recommendations for hardware, operating system, networking, and security.

NOTE: There is a mandatory onsite lab component that must be completed at vLearn, 2711-38th Street Vernon BC. Unfortunately, if you cannot attend this lab you will not be eligible for this course.
