*The maximum annual charge is per user group rental per facility per weekday. For example, a youth user group who rents a facility for 30 weeks for two hours each on a Wednesday and a Friday would incur a charge of 2 x \$950 = \$1,900. That equates to \$16 an hour.

COMPARISON TO OTHER DISTRICTS AND FACILITIES

Hourly rental fees charged by SD67 (Okanagan Skaha), SD73 (Kamloops), SD83 (North Okanagan Shuswap) and the City of Vernon are broadly comparable to the proposed fees charged by SD22.

Hourly rental fees charged by SD23 (Kelowna) are about twice SD22's rates.

A key difference between SD22 and other Districts is that SD22 provide for a cap of \$950 for youth groups. None of those School Districts cap the annual fee. SD73 allows for a 25% reduction if a facility is rented for the entire school year.

Small gym and large gym rates for youth and adult not-for profit groups are comparable to the City of Vernon's rates for the Dogwood gym and Priest Valley Arena for youth and community groups.
