RE: School Community Member Tested Positive for COVID-19

Dear Staff and Families,

Last week you received notification that a member of the Clarence Fulton Secondary school community has tested positive for COVID-19. The individual is self-isolating at home with support from local public health teams.

All contact tracing has been completed. If you have not heard from Interior Health directly, you are not considered a contact and are free to return to school.

We will continue to work closely with Interior Health to provide ongoing communication as required.

If you have questions or concerns about COVID-19, please call 811.

Sincerely,

A handwritten signature in black ink, which appears to read "Joe Rogers".

Joe Rogers
Superintendent of Schools

Figure A: Public Health Actions in Response to Confirmed Case of COVID-19 in a School

*Confirmed close contacts are determined based on the length of time of exposure and nature of the interaction. **Only public health can determine who is a close contact.***

*This chart above is located in the “COVID-19 Protocols for School and District Administrators” document - <https://www2.gov.bc.ca/assets/gov/education/administration/kindergarten-to-grade-12/safe-caring-orderly/covid-19-protocols-for-administrators.pdf> These protocols were created by the Ministry of Education, The Ministry of Health and the BC Centre for Disease Control.
