

YOUTH WORK IN TRADES

GET ON-THE-JOB TRAINING AS A YOUTH APPRENTICE

Youth Work in Trades program, jointly supported by the Ministry of Education and Child Care and SkilledTradesBC, allows students to begin apprenticeship training as part of their secondary school education. This program combines paid work-based training and a provincial curriculum that focuses on connecting, applying, reflecting on, and refining workplace skills and safety, work ethic, and job readiness.

Students enrolled in Youth Work in Trades earn up to 16 credits towards their high school diploma. They are also registered with the SkilledTradesBC as an apprentice (employer sponsored) and accumulate 480 work-based training hours required for provincially and nationally recognized industry trades credentials.

This is a wonderful opportunity to get a head start on a trade while completing secondary school graduation.
